Programme Highlights

Over the years, the question papers have become more conceptual and dynamic. In the context of current trend, it has become essential to club the static knowledge with current affairs.

As Prelims 2021 is just less than 4 months away, it is now time to consolidate your preparation and focus on the score maximizing topics. So, the need of the hour is smart preparation. This is where 10pointer Prelims 120 days Planner comes in.

This program is specially designed to bridge the gap between the static portion and the current affairs. The planner is prepared to help the students to complete their preparation in a time-bound manner. The schedule is interactive in nature and designed in such a way that the students can download it and print it and use it at their convenience.

Every day student can track their progress and there are monthly check-ins provided for students to keep a track of themselves. Questions will strictly adhere to the UPSC Pattern which will help you to develop the right approach to answer the MCQs.

The key to success is consistency-in-action. To truly accelerate your results, you need to stick to the plan and attempt the tests daily.

'The secret to your success is found in your daily routine.'

Frequently Asked Questions

► Why This Course?
